Dear Steve Thalheimer,

Thank you for your recent renewal application for a 1003(g) School Improvement Grant under the ESEA. Congratulations, **Pierre Moran Middle School's** renewal application was accepted and SIG funds will continue for SY 2019-2020.

In accordance with your application and available funding, you are being awarded **\$254,050.00** for the 2019-2020 school year. Funds for this grant period are available from July 1, 2019 and must be expended by September 30, 2020.

<b>Federal Program Title I</b>	School Improvement Grant
<b>Federal Agency</b>	U.S. Department of Education
<b>Pass Through Agency</b>	Indiana Department of Education
<b>CFDA Number</b>	84.377A
<b>Award Name</b>	School Improvement Grants
<b>Award Number</b>	S377A140015

The Title I §1003(g) School Improvement Grant award must be used to supplement the level of funds that, in the absence of the Title I monies, would be made available from non-federal sources for the education of the students at this school. Improvement funds must be tracked separately from all other Title I Grants. Local fiscal agents are to place improvement funds in a Title I account assigned for school improvement (this funding number must not be the same number as is used for the Title I Basic grant award). Because these are school improvement funds, districts may not combine funds into one account, and the amount awarded to each school must be spent on improvement initiatives at that particular school.

We look forward to continuing our work with your team this school year. Please feel free to contact Dwayne Marshall at [dmarshall2@doe.in.gov](mailto:dmarshall2@doe.in.gov) if you have any questions.

Sincerely,

Nathan Williamson  
Director of Title Grants and Support

**Part 3: LEA and School Assurances**

**Instructions:** Certain terms and conditions are required for receiving funds under the School Improvement 1003g Grant and through the Indiana Department of Education (IDOE). Therefore, by signing the following assurances, the grantee agrees to comply with all applicable federal, state, and local laws, ordinances, rules and regulations, provisions and public policies required and all assurances in the performance of this grant as stated below.

**The LEA/Eligible Entity must provide the following assurances in its application. The LEA/Eligible Entity must be able to provide, upon request, evidence of compliance with each assurance.**

- Use its School Improvement Grant to implement fully and effectively an intervention in each Priority school that the LEA commits to serve consistent with the final requirements
- Establish annual goals for student achievement on the State's assessments in both reading/language arts and mathematics and measure progress on the leading indicators and key school categories. Monitor each Priority school that an LEA serves with school improvement funds, and establish goals (approved by the SEA) to hold accountable Priority schools that receive school improvement funds
- If an LEA implements a restart model in a Priority school, include in its contract or agreement terms and provisions to hold the charter operator, charter management organization, or education management organization accountable for complying with the final requirements (only need to check if school is choosing RESTART model)
- Monitor and evaluate the actions a school has taken, as outlined in the approved SIG application, to recruit, select and provide oversight to external providers to ensure their quality
- Ensure that each Priority school that an LEA commits to serve receives all of the State and local funds it would receive in the absence of the school improvement funds and that those resources are aligned with the interventions
- Monitor and evaluate the actions schools have taken, as outlined in the approved SIG application, to sustain the reforms after the funding period ends and that it will provide technical assistance to schools on how they can sustain progress in the absence of SIG funding
- Collaboration with the Teacher's Union, include letters from the teachers' union with each school application indicating its agreement to fully participate in all components of the school improvement model selected (n/a for charter schools)
- Report to the SEA the school-level data required under leading indicators for the final requirements
- The LEA and School have consulted with all stakeholders regarding the LEA's intent to implement a new school improvement model.
- This application has been completed by a team consisting of a minimum of: one LEA central office staff, the building principal, at least two building staff members.
- Establish and maintain fiscal control and fund accounting procedures, as set forth in 34 CFR Part 7 and in applicable federal and state laws and regulations.
- The Title I School Improvement funds will be used only to supplement and not supplant federal, state and local funds a school would otherwise receive.

- Prior written approval must be received from the Indiana Department of Education before implementing any project changes with respect to the purposes for which the proposed funds are awarded.
- Retain all records of the financial transactions and accounts relating to the proposed project for a period of three years after termination of the grant agreement and shall make such records available for inspection and audit as necessary.
- Provide ongoing technical assistance to schools identified for Title I School Improvement as they develop or revise their school improvement plan, and throughout the implementation of that plan.
- Coordinate the technical assistance that is provided to schools in Title I School Improvement. Assistance to schools may be provided by district staff or external consultants with experience and expertise in helping schools improve academic achievement.
- Expenditures contained in this Title I School Improvement Application accurately reflect the school improvement plan(s).
- Assist the school in analyzing results from the state assessment system and other relevant examples of student work. Technical assistance will be provided to school staff to enable them to use data to identify and solve problems in curriculum and instruction, to strengthen parental involvement and professional development, and to fulfill other responsibilities that are defined in the school improvement plan.
- The district will help the school choose and sustain effective instructional strategies and methods and ensure that the school staff receives high quality professional development relevant to the implementation of instructional strategies. The chosen strategies must be grounded in scientifically based research and address the specific instruction or other issues, such as attendance or graduation rate, that caused the school to be identified for school improvement.
- The Indiana Department of Education may, as they deem necessary, supervise, evaluate, and provide guidance and direction to the district and school in the management of the activities performed under this plan.
- The schools and district shall adhere to Indiana Department of Education reporting and evaluation requirements in a timely and accurate manner.

**By signing below, the LEA agrees to all assurances above and certifies the following:**

- The information in this application is, to the best of my knowledge, true. The agency named here has authorized me, as its representative, to file this application and all amendments, and as such action is recorded in the minutes of the agency's meeting date.
- I have reviewed the assurances and the LEA understands and will comply with all applicable assurances for federal funds.
- I will participate in all Title I data reporting, monitoring, and evaluation activities as requested or required by the United States Department of Education, the Indiana Department of Education (IDOE), and Indiana Code, including on-site and desktop monitoring conducted by the IDOE, required audits by the state board of accounts, annual reports, and final expenditure reporting for the use of sub grant funds.
- By submitting this application the LEA certifies that neither it nor its principals nor any of its subcontractors are presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded by any federal agency or by any department, agency or political subdivision of the State of Indiana. The term "principal" for purposes of this application means an officer, director, owner, partner, key employee or other person with primary management or supervisory responsibilities, or a person who has a critical influence on or substantive control over the operations of the LEA.

The LEA has verified the state and federal suspension and debarment status for all subcontractors receiving funds under the fund associated with this application and shall be solely responsible for any recoupment, penalties or costs that might arise from use of a suspended or debarred subcontractor. The LEA shall immediately notify the State if any subcontractor becomes debarred or suspended, and shall, at the State's request, take all steps required by the State to terminate its contractual relationship with the subcontractor for work to be performed and supported by funding from the application.

**Part 5: Analysis and Outcomes**

**Instructions: SIOT Activity:** (Strengths, Improvements, Opportunities, and Threats)

- List school's primary strengths and weaknesses from SY 18-19—forces or barriers working for and against SIG implementation or school's mission
- List school's key opportunities and threats from SY 18-19—political, economic, social, technological, demographic, or legal trends that are or may impact school's ability to achieve SIG implementation or school's mission.
- What are the projected outcomes for SY 19-20 after completing the SIOT Analysis? Are there any opportunities we can take advantage of because of a strength? Are there any threats compounded by a weakness?

**Opportunities:**

- Music partnerships with local universities and colleges.
- Integrate essential standards with STEAM lessons by department rather than an isolated STEAM period and events.
- After-school clubs with available transportation
- District PD more closely related to school's academic focus
- Teaching and Learning Committees allows for building capacity of teacher leaders
- More training of trauma informed care lead by Dean of Behavior Support

**Threats:**

- Many students from low socio- economic status
- Lack of parent involvement
- Location of building and school choice impacts population
- After-school clubs
  - Competition with sports
  - No bus drivers for transportation
  - Lack of teacher availability
- Embedding time for content specific PD within the schedule may be difficult
  - Sub availability

**Projected Outcomes for SY 19-20**

- Improved content and structure of the flexible time allotted for PRIDE, SMART Goal setting, tutorials, and anti-bullying lessons through weekly calendar.
- Content-specific PD offered throughout the school year in the areas of literacy, student engagement, and PLCs
- Work session days for departments embedded into an Academic/Testing calendar
- Building and community STEAM projects (departments lead semester projects)
- Extended learning time during the 2019 and 2020 summers.
- Fully trained teachers in trauma informed care

Based upon the reviews, the team will make recommendations regarding school needs. Parent workshop will be designed to provide a platform for the families, community, and school to engage in conversations that promote a deeper understanding of how these three roles can collaborate to meet students' needs. Relevant topics will be selected and community resources will be secured. In addition, a parent workshop calendar will be developed and distributed to Pierre Moran families and our feeder school families. In this way, we will establish a base of learning that will be relevant to our school, families, and community. **Part 7: Outcome Artifact**

**Instructions:** Schools will be required to produce a tangible “outcome” piece to be shared with IDOE and to be published on the IDOE website as resources for other schools. This “outcome” piece will serve as the culminating piece of the yearly grant, as well as a piece of monitoring. Possible “Outcome Artifacts could include: mini-lesson video, recording of students working on an activity, WebEx, How-To One-Pager, Blog, Podcast. Outcome Artifacts” should be linked to goals of your SIG grant, as well as one of the following areas: Leadership, Effective Instruction, or Interventions/Data.

*Briefly describe what the school will plan to submit as an “Outcome Artifact” for SY 2019-2020 and how this will be aligned to your grant and the key area.*

- STEAM + Music Notre Dame Partnership Video
- Summer STEAM Session 2020 Video
- Referral Data Comparison Graph

**Part 8: Budget SY 2019-2020**

**Instructions:** The budget will be completed in a separate Excel workbook for SY 2019-2020, and must include any changes from the original budget submission. Once approved by IDOE, will serve as the operating budget for the duration of the school year, unless otherwise amended and approved by IDOE.

**Dr. Jennifer McCormick**  
Superintendent of Public Instruction

**DEPARTMENT OF EDUCATION**

*Working Together for Student Success*

By signing below, the LEA agrees to all assurances above and certifies the following:

- The information in this application is, to the best of my knowledge, true. The agency named here has authorized me, as its representative, to file this application and all amendments, and as such action is recorded in the minutes of the agency's meeting date.
- I have reviewed the assurances and the LEA understands and will comply with all applicable assurances for federal funds.
- I will participate in all Title I data reporting, monitoring, and evaluation activities as requested or required by the United States Department of Education, the Indiana Department of Education (IDOE), and Indiana Code, including on-site and desktop monitoring conducted by the IDOE, required audits by the state board of accounts, annual reports, and final expenditure reporting for the use of sub grant funds.
- By submitting this application the LEA certifies that neither it nor its principals nor any of its subcontractors are presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded by any federal agency or by any department, agency or political subdivision of the State of Indiana. The term "principal" for purposes of this application means an officer, director, owner, partner, key employee or other person with primary management or supervisory responsibilities, or a person who has a critical influence on or substantive control over the operations of the LEA.

The LEA has verified the state and federal suspension and debarment status for all subcontractors receiving funds under the fund associated with this application and shall be solely responsible for any recoupment, penalties or costs that might arise from use of a suspended or debarred subcontractor. The LEA shall immediately notify the State if any subcontractor becomes debarred or suspended, and shall, at the State's request, take all steps required by the State to terminate its contractual relationship with the subcontractor for work to be performed and supported by funding from the application.
